Waterloo Bulb Farms
WATERLOO, IOWA

OUR POLICY

To offer the best of tried and proven flower bulbs, grown from small bulbs and bulblets and to give them to you in the prime of their strength and glory at a price fair to you and to us. Our young virile bulbs will give you the best results.

OUR MONEY-BACK GUARANTEE

Remember that if any bulb or root obtained from us is not exactly as represented to be or what you have a right to expect, they may be returned to us and all charges will be refunded to you at once.

VISIT OUR GARDENS

We are located one and one-half miles S. E. of the Waterloo City limits on Highway 218.

You are always welcome to visit our gardens. Come any time—in the spring when tulips, iris, and peonies are in bloom; later, from July 15 to frost, we have acres of gladiolus and dahlias blooming.

The best way to select new varieties for your garden is to see them growing. We also have many perennial and annual plants which are very interesting. You are under no obligation to buy.

We also do a complete florist business during the summer season, furnishing flowers for any occasions—weddings, funeral designs, and so on.

We grow the bulbs we sell you and we endeavor to give you the best that money can buy and at a reasonable price. We don't mean at the lowest prices, because we have found that low priced goods generally have little else to recommend them and that if a product is not good enough to be sold at a reasonable price, it should not be sold at all.

FLOWER AND VEGETABLE SEEDS

We carry a large assortment of common and novelty seeds. We can furnish you with almost any seed or bulb grown. We will be pleased to handle your requirements in any amount. Only the best seeds and reliable brands are sold.

1939 GLAD SHOWS

Ames, Aug. 5, Sioux City, Aug. 5-6; Algona, Aug. 16-17; Iowa State Show, Cedar Rapids, Aug. 12-13.

Last year we attended and exhibited at all of the above shows and the State Fair at Des Moines. At four shows we were high point winners and second high at the fifth in the commercial growers classes. Trophies won included the Gov. Herring Trophy, J. E. Carter Cup, Algona Junior Chamber of Commerce Trophy, I. G. S. Gold, Silver and Bronze Medals, First for Commercial Display at the State Fair, Champion Three Spikes in Decorative class at Ames

and many other awards and ribbons. We mention these to show that we grow the varieties that win the ribbons.

Our customers using intensive growing methods not possible with our large acreage consistently get larger and better blooms with our bulbs.You are invited to attend and exhibit at these shows. Membership in the Iowa Glad Society is only one dollar per year and entitles you to attend and exhibit at all the Iowa Glad Shows. Join and help us make—

The Gladiolus the National Flower.

THRIP AND TREATMENT

We still hear of thrip in some localities but growers are learning how to prevent serious infections. We treat and we advise everyone to treat bulbs before planting. By using some treatment before planting, you may be sure to kill any insects on the bulbs and planting thrip free bulbs is a long step in getting rid of them. After bulbs are dug and cured, place in tight paper bags with one ounce of napthaline flakes to each one hundred bulbs. This forms a gas that kills the thrip and eggs. Leave several weeks but be sure bulbs do not sweat or mold.

For treatment at planting, use corrosive sublimate, one ounce to five gallons of water in wooden or earthen jars. Leave several hours or over night. This treatment is also good to use against scab and disease.

For spraying plants, use two tablespoons of paris green, two pounds of brown sugar and three gallons of water. Spray on both sides with plenty of force.

Thrip does not thrive out of doors in cold climates, so if your ground freezes several inches deep the only danger is from bulbs or roots in storage. Always keep bulbs in cool places as little above freezing as possible.

No Substitutes Without Permission

If possible, please give second choice so that we may fill your order without delay if we are out of any variety. If you do not specify second choice or allow us to substitute a like or a better variety, we will refund the price of the item we cannot fill. We want you to be satisfied.

SPECIAL PLANT FOOD

We use a commercial fertilizer mixed for our needs. We can supply this in any quantity. Contains every mineral required for plant growth. Seven or eight pounds will furnish two applications for a 100-foot row. Price: under 10 lbs., 3 cents per pound; over 10 lbs., 2 cents per pound, F. O. B., Waterloo. Express rates are extra but reasonable to Iowa points.

EXTRISTRONG GLADIOLUS

Please note that you may buy from our wholesale price list at very low prices. We can make these reasonable prices because of increased volume of bulbs and less trouble in packing and labeling than in small lots. Although you pay the express charges on wholesale orders, this is much cheaper on larger shipments. We advise increasing your orders to take advantage of these prices. You will never have too many glads.

No Substitutes Without Permission

If possible, please give second choice so that we may fill your order without delay if we are out of any variety. If you do not specify second choice or allow us to substitute a like or a better variety, we will refund the price of the item we cannot fill. We want you to be satisfied.

ORDER EARLY

We advise ordering early as many varieties are sold out soon. You may reserve orders now for later shipment for 25% down, balance before shipment or C. O. D. On account of warm weather, we can not hold after June 1.

GLAD COLLECTIONS

We are offering below two collections which contain some of the most desirable varieties it is possible to obtain. Both are well assorted containing the best of the old and new favorites. We believe that no other collections have a better range of color and class. Others charge much more for poorer assortments. Either collection for $1.50; both for $2.75; four for $5.00. Postpaid to you.

THE DECORATIVE COLLECTION

EXTRISTRONG IRIS

Iris are among the easiest flowers to grow and need very little attention. The flowers come very early when flowers are scarce and appreciated. Use liberally for borders, along walks and drives, and round flower beds. The first cost is the only cost and if they are taken up and divided in a few years, will return the investment many times. You may plant separately although three roots make a showing much quicker. Early planted roots bloom better the first year but it is safe to plant iris any time.

"S" refers to the three standard or upright curling petals. "F" refers to the three falls or drooping petals.

The price of ten iris is eight times the price of one.

EXTRISTRONG PEONIES

In offering the following short list, we have tried to include only the most reliable and popular varieties. Many new ones are introduced every year and, as they are proved good we will add them to our list. The high prices asked for new peonies, as well as new gladiolus, dahlias, iris and so on does not necessarily mean that they are better than old ones but that they are scarce and not available in large quantities. As soon as they become plentiful, they will have to stand on their own merits; they will either supercede other varieties or pass from existance, as, indeed, many do before becoming plentiful. Peonies are best planted in the fall anytime until the ground is frozen.

COURONNE D'OR Snow white, yellow reflex; very large. Late. 40 cents.

BLACHIE Red. 40 cents.

DUCHESS DE NEMOUIS Early sulphur white. Fragrant. 40 cents.

EDULIA SUPERBA One of the earliest deep pinks; sometimes blooms for Decoration Day. A loose crown type flower. Showy. 35 cents each.

FELIX CROUSSE A deep rose red. 40 cents each.

FESTIVA MAXIMA Early broad guard petals surrounding a mass of rich white petals flaked crimson. 35 cents each.

KARL ROSENFIELD A brilliant large semirose type slightly fragrant. 40 cents each.

LA TULIPE Delicate pink; outside petals striped with tulip markings; fragrant. 35 cents each.

LONGFELLOW A brilliant crimson. One of the most popular in garden and show room. 75 cents each.

MARY BRAND One of the best reds; stems strong enough to hold large blossoms upright. Yellow stamens showing in center. 75 cents.

MARIE LEMOINE Large late cream white. 50 cents each.

MONS. DUPONT Late cream. 50 cents each.

MON. JULES ELIE One of the largest and most beautiful globe type varieties. Broad guard petals guarding curved petals of flesh pink. All covered with a silver sheen. 60 cents each.

QUEEN VICTORIA A good white used as a cut flower. 35 cents each.

ROSE FRAGRANS Pink. 40 cents each.

SARAH BERNHARDT Appleblossom pink; late-midsummer. 75 cents each.
